Summary of Your Rights and Responsibilities

(Not part of the resource consent)

This resource consent gives you the right to use a public resource (e.g. water, air, the coastal marine area) in the manner specified in the consent.

Provided that you comply with all the conditions of your resource consent and all other laws of the land, you may exercise the resource consent how you see fit.

If you wish to change the way you operate under this resource consent or if you wish to alter or delete any consent conditions please contact the Wellington Regional Council prior to making the changes. You may need a formal variation to your resource consent conditions.

You may transfer your coastal, discharge, or water permit to any other person. So if you sell your operation please contact the Wellington Regional Council and we will arrange the transfer. The service is free of charge.

If your resource consent application contained inaccurate or misleading information the Wellington Regional Council may ask the Environment Court to cancel or alter the resource consent.

Your resource consent does not:

- provide any warranty of any structure or process;
- provide any guarantee that the resource will be available at all times;
- provide any right of access through or over public or private land;
- negate the need for any approvals necessary under other legislation.

You, as the holder(s) of this resource consent and your agents (including contractors and employees) are jointly and severally liable for compliance with the conditions of this consent. It's important that anyone operating on your behalf fully understands and complies with the conditions of the resource consent.

You are required to pay any relevant charges that are associated with the consent. The Wellington Regional Council fixes these charges, under section 36 of the Resource Management Act 1991. The Act allows you to comment on any proposed charges *prior to them being fixed*. Charges are usually fixed every three years. If you would like a copy of our current Resource Management Charging Policy please feel free to contact us.

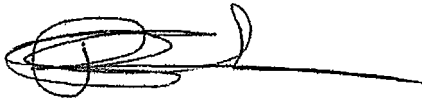

You are required to allow Wellington Regional Council Enforcement Officers access to your site and operation at any reasonable time so that we are able to inspect your operation and confirm it is complying with the resource consent.

Your resource consent will lapse if you do not exercise it within two years of the date it was granted (unless otherwise specified in the resource consent conditions). If this lapsing is going to be a problem please contact the Wellington Regional Council before the lapse date.

If you stop using your resource consent for a continuous two-year period, the Wellington Regional Council may cancel your resource consent. We will advise you in advance if we propose to cancel your consent. You also have the right to object to your consent being cancelled.
